2022-23

### 1) Personality Development Program-

The lecture was given by **Dr. Parkhe S.S. (Assistant Professor, Department of Hindi)**. This Lecture really helped the students in various ways. They came to know that how to develop its personality. It also helped the students to build a positive attitude and motivated them to achieve high success in life. The articulation tips provided by the mentor were helpful to improve the personality.

### 2) Communication Skill-

The lecture was given by **Mr. Jadhav S.K. (Assistant Professor, Department of English)**. They got to know the real use of communication for all kind of professional and told the students and faculty various methods to teach communication skills effectively. He told how to pronounce English words correctly. It also helped them to build a positive attitude in students and to motivate them to achieve high success in life.

### 3) Time Management-

The lecture was given by **Mr. Mane M.N. (Assistant Professor, Department of Commerce)**. He spoke about how we are taught everything in college apart from the importance of time and to manage our time is the most important thing as it's the only way to succeed. He showed us that we have to be prepared, no matter what situation we are in. He discussed our daily routines and how to improve and make changes in it. We discussed with him how to spend our time doing things on a regular school day and then on a weekend or during holidays. He told about the right balancing of things we do during a day.

### 3) Communication Skill-

The lecture was given by Mrs. Borude S.B (Assistant Professor, Department of English). They got to know the real use of communication for all kind of professional and told the students and faculty various methods to teach communication skills effectively. He told how to pronounce English words correctly. It also helped them to build a positive attitude in students and to motivate them to achieve high success in life.

### 4) Time Management-

The lecture was given by Mr. Getam S.K (Assistant Professor, Department of Commerce). He spoke about how we are taught everything in college apart from the importance of time and to manage our time is the most important thing as it's the only way to succeed. He showed us that we have to be prepared, no matter what situation we are in. He discussed our daily routines and how to improve and make changes in it. We discussed with him how to spend our time doing things on a regular school day and then on a weekend or during holidays. He told about the right balancing of things we do during a day.

### 5) Motivation Skill-

The lecture was given by Mrs. Kawade K.B (Assistant Professor, Department of Marathi). The presenter who herself is a source of motivation to students gave encouraging examples from her own life and inspired students to be a self-motivator. She discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This program helped students to be guided by a positive mind and give themselves self-motivation.

### Report of Lecture on Cyber Security:-

- Date of activity :- 28/01/2020
- Conducted by :- Miss.Diwate P.S
- Number of Student Participated :- 93
- Number of teachers participated :- 22
- Chief Guests :- Mr. Chate A.K. , Principal ACS College Alkuti

An Operating System (OS) is the software your Computer uses to interact with its hardware at the most basic level. Operating systems include the files and software your computer uses to function. Operating systems take different approaches to managing software and may only work with specific hardware. Every device comes with an operating system: macOS and iOS on Apple devices, Windows on Microsoft devices, Android or Chrome OS on Google devices, and Linux on a variety of devices.

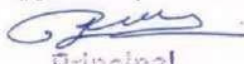

Operating systems generally provide an interface, the ability to store and manage files, and the ability to install and run programs. Programs are built to run on specific operating systems but can be available in multiple versions. You will often find programs with similar functions built for different operating systems.

Following are the tips given by prof. Miss.Thorat S.S .on how to understand clearly about an operating system, user need to know the five fundamental concepts of the operating system, which are the five tasks that an operating system can and will do.

The Main Five Tasks are:

- Memory Management
- Processor Management
- Device Management
- File Management
- User Interface.

All of the above tips given in the session very useful. The participants of the workshop had a wonderful experience during various practice and exercises. There were discussions in between and at the end of the session in which the doubts and queries of participants were resolved. The session gave the students and the faculty members an opportunity to learn computing skill.
