MEMORANDUM OF UNDERSTANDING

Loknete Dr. Balasaheb Vikhe Patil, Pravara Rural Education Society's Arts, Commerce and Science College, Alkuti affiliated to the University of Pune. At present the college is running undergraduate program in the three disciplines that is arts, commerce and science.

This Memorandum of understanding (MOU) is entered in to between Sangameshwar High Tech Nursery at A/P-Padali ale, Tal-Parner, Dist-A.Nagar and Arts, Commerce and Science College, Alkuti.

As per the guide line university grand commission new Delhi and for providing skill oriented person to the industries, the college wishes to start certificate course in the specialization of Adulteration of milk introducing as a program. It is mandatory for the college to collaborated with the concern and reputed industries for the smooth implementation of the program.

Subject:

1. Certificate course (Nursery Management)
- 2 Sangameshwar High Tech Nursery industries consider the establishment of certificate course (Nursery Management) to the very significant and important development in enhancing the relevance of (Nursery Management) in education.

Since it will, among other things, provide skills for both boys and girls whom they can use either as gainfully employed person or as self-employed entrepreneurship.

3. An industry is very much concerned and committed to with the success of the program and agrees in this context to assist the college in whatever way they can. More specifically, the institution agrees to.

A. Provide guest faculty for teaching specific portion of the syllabus to the student.

B. Assist student in the laboratory, workshop and training under supervision of professional form of institution

C. It will also arrange on job training for the student.

D. The institute will assist the evaluation of student's performance in theory, laboratory, field work etc.

E. The college will provide skilled and knowledgeable person to the institution as per their requirement.

F. Assist in preparation and production of teaching and learning material for the use of teachers and students by leading the services from the professionals.

4. The two institution will mutually decide the upon the terms and conditions including financial support for the implementation of the above task.

5. This MOU will in force of five years.. After compilation of Three years, if may extend after mutual concern of both institution

One day Field visit Sangameshwar High Tech Nursery Padali Ale, Tal- Parner, Dist- Ahmednagar (Maharashtra)

Our college arrange one day educational visit at **Sangameshwar High Tech Nursery Padali Ale, Tal- Parner, Dist- Ahmednagar (Maharashtra)** on 15th April 2023, for Second year and Second year student of Botany Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about floricultural techniques.

In the morning at 10:45am we visited to **Sangameshwar High Tech Nursery Padali Ale, Tal- Parner, Dist- Ahmednagar (Maharashtra)**. All students visit the Polythene house and interact with Expert person. The expert of **Sangameshwar High Tech Nursery Padali Ale, Tal- Parner, Dist- Ahmednagar (Maharashtra)**. Conducted very informative session for students. Also he motivated to the student to select their domain and area of interest. He also guided the students to How to cultivate crop plants, which type of soil are used for propagation, How to maintain all environmental condition for crops plants, Irrigation System, Which types of fertilizers are used, Marketing of cultivated plants. He also introduce different typed of variety. He Also Guide Grafting and Budding methods of Rose Plant. Finally he gave a brief information of **Sangameshwar High Tech Nursery Padali Ale, Tal- Parner, Dist- Ahmednagar (Maharashtra)**. The students got the knowledge of different process carried out in Cultivation of Crop plants and marketing.

Department Of Commerce

Our college arranges one day Field visit at Vishal Junnar Co-Operative Bank Limited Alkuti Branch Alkuti, Tal- Parner, Dist- Ahmednagar (Maharashtra) on 17 January 2023 for third year student of T.Y. B.Com Commerce Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about for the providing affordable credit at fair interest rates and financial to its members.

Vishal Junnar Co-Operative Bank Limited Alkuti Branch Manager will guide the cooperative credit societies are like shareholder companies but registered under cooperative societies act or multi state coop societies act of central govt .They mobilize funds through share capital and deposits. As job security is concerned, employees of state coop banks are even safer than employees. The main purpose and objective of credit cooperatives are providing credit facilities to mainly farmers and agriculturists against the hypothecation of land or security of gold. This is to support the farmers for seeds, irrigation, harvesting as well as marketing the crops.

Student interacted with the manager and employee to know about the bank process. Student visited every department of the bank and interacts with the employee for getting knowledge regarding the bank process.

Department Of Marathi

A visit to the Shree Ganesh Sarvjanik Vachanalay Nirmalgram Mhaskewadi, Tal- Parner, Dist- Ahmednagar (Maharashtra) was organised by our school on 8th February 2023 for the students of Grade 7 and 8 in continuation of the endeavor to expose them to different experiences for their overall development. Mr. Navnath Mhaske, head librarian warmly welcomed students and teachers. He guided students towards an open area where they all gathered. He took in charge and gave a brief introduction of the history of the library and how they run it. He along with some attendants had an interactive session with students where they discussed various genres of the books available in the library. The objectives of the trip are to familiarize and introduce our students to the world of books and how e-books are being used in academic field. Total Boys: 26 Total Girls: 15 Total Teachers: 8 Students found the visit quite enthralling. It was an enlightening time spent by students surrounded by array of different books or journals. They felt motivated to read and explore more such libraries in their vicinity.

Under the said MoU, the points of mutual MoU between your library and Marathi Department are as follows...

- 1) Marathi department students should have reference books available in their library.
- 2) Linguistic knowledge and linguistic skills should be shared.
- 3) Our library and the Marathi department of the college should be able to organize different lectures and our library and the Marathi department should benefit from it.
- 4) On the occasion of Marathi Language Day, programs should be organized jointly with your library and Marathi department.
- 5) Competitions are organized through the Marathi department under the college. Mutual examiner should be available for it through your library.
- 6) There should be mutual exchange of books and reference books under the library and Marathi department.
- 7) In the future, employment should be available to the students of Marathi department in our library.

Department of Physics

Suzlon Global service limited, Village- Shanjapur supa, Tal-Parner, Dist- Ahmednagar

Our college arranged one day educational visit at Suzlon Global service limited, Village- Shanjapur supa, Tal-Parner, Dist- Ahmednagar on 21st February 2023, Tuesday for Second year student of S.Y. BSc Physics Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about Renewable energy sources.

General Information

Wind power is extracted from air flow using wind turbines or sails to produce mechanical or electrical power. Wind turbines convert the kinetic energy in the wind into mechanical power. This mechanical power can be used for specific tasks (such as grinding grain or pumping water) or a generator can convert this mechanical power into electricity to power homes, businesses, schools, and the like. The development of wind power in India began in the 1990s, and has significantly increased in the last few years. Suzlon Global service limited is one of potential wind farm site in Ahmednagar, State Maharashtra which installed capacity is 2.0MW.

Purpose of Visit

Our main purpose for this visit is to be familiar with industrial environment and to get practical knowledge of electrical power generation through Renewable Energy source.

Students of 4th semester will get the idea of electrical power generation, Transmission and distribution. Students will also get familiar with Wind Mill, Wind Turbine and its parts.

Introduction about Wind Mill and Power Generation

At the beginning, the Suzlon Global service head of wind farm explained about the windmill installed at Supa and their generation, transmission and distribution

1. How Electricity is generated:

The wind direction rotates the wind turbine to face into the wind. The energy in the wind (called kinetic energy) turns the turbine blades around the rotor (creating mechanical energy).

The rotor connects to the main shaft, which turns inside the generator housing. Here, a magnetic rotor spins inside loops of copper wire. The electricity generated then travels down large cables from the nacelle, through the tower, and into an underground cable. At wind farms, cables from different turbines take the electricity generated to a substation. Here, a step-up transformer again increases the electrical output.

A transmission line connects the electricity output at the substation to the electrical grid serving

communities throughout the region

2. Types of Generator Used:

- (i) Single winding: It is run on 1000 rpm
- (ii) Double Winding: It is run on 750 rpm

3. Wind Mill Capacity:

- Capacity of wind mill 5.4Kw/day
Height of the wind mill is 40 meter

Students of Zoology Department, Arts, Commerce and Science College Alkuti, Tal-Parner Dist- Ahmednagar, Gorde E/C House (Poultry Farming) A/P-Mhaskewadi, Tal- Parner, Dist- Ahmednagar (Maharashtra) 10.05.2023 along with Mr. Pandurang Ughade HOD Zoology. The farm was 30.234sq meter. It consists of two buildings of which one contains chicks and another layer contains Mr. Sanket Gorde, poultry officer discussed various parameters of Poultry farming such as production, disease, vaccinations, and management. He explained to students that poultry farming has vast potential for employment. Students got acquainted with various species such as Rhode Island Red, Chandigarh Brown and Kadaknath. The visit completed with the observation of certain presentations and data given. It was really a fruitful visit.

Students and faculty don't just study poultry nutrition, gut health, production and environmental management at the Poultry Research Farm. Our chickens help researchers and understand ovarian cancer, virology, immunology, and more. The Poultry Research Farm includes industry-leading facilities for breeding, growing, hatching, brooding, and cage-laying. And our birds and eggs are used in classrooms across campus, including Veterinary Medicine, as well as in FFA and 4-H programs.

Our student interns gain experience in all aspects of poultry farm and research management, including evaluating flock health, performing daily animal care and basic farm machinery operation and maintenance, and preparing and caring for research trials.

Training and Placement Cell

Under the guidance of our college Principal Dr. Sharad Parkhe, Arts, Commerce and Science College Alkuti organized campus interview for Arts, Commerce and Science Students under incharge of Mr. Getam S.K.

I applied for my ICICI Bank career opportunity through my college's placement cell. It was a placement interview test conducted off campus at ICICI Banks' own office. As a fresher, I lacked expertise and experience, yet my preparation and knowledge ensured that I could make it through.

ICICI Bank, Mumbai approach for Campus Interview and provide us a brief introduction idea about ICICI Bank-

The idea of an ICICI Bank interview as a recent graduate entering the corporate world was exciting as well as unnerving.

It was a dream come true to get the chance to work for a prominent banking organization like ICICI.

I'm delighted to share my ICICI Bank interview questions and experience on this website, from the initial Career Test to the informative Technical Interview, and to the final HR Round, as well as the questions and responses that guided me through this important phase of my career.

The HR team of ICICI Bank conducted the interview session in which total 52 students are participated and faced the final interview in 20 students. ICICI Bank Interview Experience of Fresher
ICICI Bank is one of the leading banks in India, and it offers a variety of career opportunities for freshers. The interview process for freshers at ICICI Bank is typically divided into three rounds:

Career Test: The purpose of the career test in the first round is to evaluate your aptitude for a career in banking. The exam covers a wide range of topics, such as logical thinking, verbal reasoning, and mathematical reasoning.

Technical Interview: The objective of the technical interview in the second round is to gauge your technical problem-solving skills and understanding of the banking sector. You'll be questioned during the interview about your educational history, banking software experience, and problem-solving abilities.

HR Interview: The third phase consists of an HR interview to evaluate your soft skills, including leadership, teamwork, and communication. The interviewer will enquire about your professional background, your objectives, and your compatibility with the company's culture.

In this article, I will share my experience of the interview process for freshers at ICICI Bank. I will also provide some tips on how to prepare for the interview and how to answer common interview questions.

ICICI BANK CAREER TEST

The ICICI Bank's career test for freshers is a 60-minute exam with three sections- verbal reasoning, logical reasoning, and quantitative reasoning. The test is computer-based, and you will have to answer 60 questions in total.

From the 52 students 20 were selected for final round which was conducted at respective college.

Inauguration of Campus Interview

Department of Chemistry

Our college arrange one day educational visit at Prasanna Krushi Udhya Samuh, Padli ale Tal- Parner, Dist- Ahmednagar (Maharashtra) on 20 October 2021 for third year student of T.Y. BSc Chemistry Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about milk production.

Prasanna Krushi Udhya Samuh, Padli ale Tal- Parner, Dist- Ahmednagar (Maharashtra) Manager guide her student milk is an excellent source of vitamins and minerals, particularly calcium. It has an important role in bone health. The main objective of the field visit was to get an idea how a dairy products creator's supply chain Krushnmanadan dairy farm. The plant officials also conduct hygiene and CSR activities with their employees, and villagers. The students were split into teams of 5-10 and were led on a tour by two employees of the plant. Here fluid milk is filtered and pumped through a packing machine, Defected pieces are removed and recycled. The temperature is cold maintained. The cold storage section, the room temperature heating section, Final packaging and transport delivery section.

Student interacted with the manager and employee to know about the all process of milk Product. Student visited every department of the bank and interacts with the employee for getting knowledge regarding the selling of milk product.

Event Description –

A field Visit has been organized by Department of Geography, Arts Commerce and Science College Alkuti for S.Y.B.A and T.Y.B.A Geography students on 08/03/2022. The main object is to understand student's importance of Organic Farming. Total 15 Students and 2 Staff of college visited organic farming Belvandi Tal- Shrigonda, Dist-Ahmednagar

Session Activities –

The Students were accompanied by 2 faculty member. The Bus departed from college at 9:00am on 18/04/2022 and reached the organic farming Belvandi by 11:00am Mr. Sonawane Sir explained to the Students about Importance of organic farming Crops.

This trip aimed at providing experiential and contextualized understanding on practical entrepreneurial skills. Aside from this the trip aims to develop deeper understanding of the farming entrepreneurial venture. Before proceeding to the field, students were welcomed by the farm owner Mr. Paras who took us through the journey to owning the farm and doing farm and a passion that was instilled in him as he grew up. More clearly, he pointed out on the importance of modernizing and intensifying agricultural the production systems. In particular, he pointed out on the importance of the borehole and the solar system which supported it. Paras also pointed out that his main crops in the farm are Tomatoes and Chilies. He also grows other vegetables such as cauliflowers, Capsicum, Lettuce, parsley. Paras, the farm owner also told us he was in the process of experimenting if potatoes can grow in the area due to the huge demand that they have for this product.

A group of 15 students from KG College of Arts and Science visited Integrated Organic Farming on 31/12/2019. At the beginning Mr. Dipak Narwade, Manager, Organic Farming, brief information about Integrated Organic Farming. He took the students around the farm and explained about multi cultivation methods. Mr. Krishnamurthy (Founder, Integrated Organic Farming) addressed the session and detailed about agriculture that relies on techniques such as crop rotation, green manure, compost and biological pest control.

Department of Geography

Arts, Commerce and Science College of Pravara Rural Education Institute, Alkuti, on behalf of the Geography Department of the college on Monday. On 14/03/2022 an online lecture on Geographical Information System (GIS) was organized. Mr. Satish Gawde, the former student of the year 2010-11 of the college's Geography Department, guided the students as a lecturer for this lecture. In his lecture, under various opportunities in the subject of geography Mr. Satish Gawade.

In his lecture, he guided the students about the study of Geographical Information System (GIS) under various opportunities in Geography. Also, the Principal of the college, Dr. Sharad Parkhe Sir, expressed the presidential message. The guests were welcomed and introduced by Prof. Swati Phapale Madam of Marathi Department. Prof. Sunita Jadhav, Head of Geography Department gave the vote of thanks for the program. Coordination Geography Department Assistant Prof. Vinayak Sonawane sir did this online lecture for 20 years in the college.

A geographic information system (GIS) is a computer system for capturing, storing, checking, and displaying data related to positions on Earth's surface. By relating seemingly unrelated data, GIS can help individuals and organizations better understand spatial patterns and relationships. GIS technology is a crucial part of spatial data infrastructure, which the White House defines as "the technology, policies, standards, human resources, and related activities necessary to acquire, process, distribute, use, maintain, and preserve spatial data." GIS can use any information that includes location. The location can be expressed in many different ways, such as latitude and longitude, address, or ZIP code.

Many different types of information can be compared and contrasted using GIS. The system can include data about people, such as population, income, or education level. It can include information about the landscape, such as the location of streams, different kinds of vegetation, and different kinds of soil. It can include information about the sites of factories, farms, and schools, or storm drains, roads, and electric power lines.

With GIS technology, people can compare the locations of different things in order to discover how they relate to each other. For example, using GIS, a single map could include sites that produce pollution, such as factories, and sites that are sensitive to pollution, such as wetlands and rivers. Such a map would help people determine where water supplies are most at risk.

ONE DAY EDUCATION VISIT AT OXYCOOL AQUA SHELKE BEVERAGES PVT.LTD. KONDHAPURI, TAL- SHIRUR, DIST- PUNE

Our college arrange one day educational visit at Oxycool Aqua Shelke Beverages PVT.LTD. Tal- Shirur, Dist- Pune on 22nd March, Tuesday for Second year and Third year student of Chemistry Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about purification of water plant

In the afternoon at 12:45pm we visited to Oxycool Aqua Shelke Beverager PVT.LTD. Tal- Shirur, Dist- Pune. We divided our Student in the batch of 20 students per batch for the visit and the interaction with industry person. The Technical expert of Oxycool Aqua Shelke Beverages PVT.LTD.conducted very informative session for students. Also he motivated to the student to select their domain and area of interest. He also guided the students to select the areas like Standard Operating Procedure Based on Practical experience in plant blowing Machine, SOP Based on Practical experience in plant Shrink wrap machine and SOP Based on Practical experience in plant Label machine. Finally he gave a brief introduction of Oxycool Aqua Shelke Beverages PVT.LTD.

The students got the theoretical and Practical knowledge of different process carried out in treatment of drinking water as well as waste. Also, the function of different units in both treatment plants. Over all, the visit gave students great boost about technical and field knowledge

Department Of Chemistry

Our college arrange one day Industrial visit at Rajnanadini Agro Farm Cattle Feed, Chombhut, Tal- Parner, Dist- Ahmednagar (Maharashtra) on 27th April 2021, Tuesday for third year student of T.Y. BSc Chemistry Department. This visit was helpful to how to do business cattle feed of student as well as our faculty member.

Rajnanadini Agro Farm Cattle Feed manager guide us cattle on feed are steers and heifers being fed a ration of grain, silage, hay and/or protein supplement for slaughter market that are expected to produce a carcass that will grade select or better. It excludes cattle being marketing are steers and heifers shipped out of feedlots to a slaughter market. Other disappearance includes death loss, movement from feedlots to pasture, and shipments to other feedlots for further: During January and July all known feedlots in the United States with capacity of 1,000 or more head are surveyed to provide data for cattle on feed estimates. During the other months, all known feedlots from 16 States are surveyed. The 16 States account for approximately 98 percent of the cattle on feed in feedlots with capacity of 1,000 or more head.

Student interacted with the manager and employee to know about the feed. Student visited every department of the bank and interacts with the employee for getting knowledge regarding the Cattle feed.

Our college arranges one day Field visit at Kahnur Pathar Multistate Co-operative credit society, Alkuti, Tal-Parner, Dist- Ahmednagar (Maharashtra) on 16th March 2021, Tuesday for third year student of T.Y. B.Com Commerce Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about for the providing affordable credit at fair interest rates and financial to its members.

Shree Swami Samarth Co-Operative Bank Manager will guide the cooperative credit societies are like shareholder companies but registered under cooperative societies act or multi state coop societies act of central govt. They mobilize funds through share capital and deposits. As job security is concerned, employees of state coop banks are even safer than employees. The main purpose and objective of credit cooperatives are providing credit facilities to mainly farmers and agriculturists against the hypothecation of land or security of gold. This is to support the farmers for seeds, irrigation, harvesting as well as marketing the crops.

Student interacted with the manager and employee to know about the bank process. Student visited every department of the bank and interacts with the employee for getting knowledge regarding the bank process.

MEMORANDUM OF UNDERSTANDING

Loknete Dr. Balasaheb Vikhe Patil, Pravara Rural Education Society's Arts, Commerce and Science College, Alkuti affiliated to the university of pune. At present the college is running undergraduate program in the three discipline that is Arts, Commerce and Science .

As per the guide line university grand commission New Delhi and for providing skill oriented person to the industries, the college wishes to start certificate course in the specialisation of Soil Testing introducing as a program. It is mandatory for the college to collaborate with the concern and reputed industries for the smooth implementation of the program .

Hence memorandum of understanding is being signed between both the institution as :

Krushi vidnyan Kendra Babhaleshwar is glad, that under auspicious and with support of university grand commission, Arts, Commerce and Science college Alkuti, A/P-Alkuti Tal-Parner, Dist-Ahmednagar starting a certificate course (Soil Analysis) .

Subject:

1. Certificate course (Soil Analysis)

2. Krushi Vidnyan Kendra Babhaleswar consider the establishment of certificate course (Soil Analysis) to the very significant and important development in enhancing the

relevance of (Soil Analysis)in education.since it will,among other things ,provide skills for both boys and girls whom they can use either as grainfully employed person or as self employed entrepreneurship.

3. An intitution is very much concerned and committed to the suces of the program and agrees in this context to assist the college in wharever way they can.More specifically ,the institution a

grees to ,

A.Provide guest faculty for teaching the specific portion of the syllabus to the student.

B. Assist student in the laboratory,workshop and traning under supervision of professtional form of institution

C. Arrange on job traning for the student.

D. The institute will assist the evaluation of students performance in theory ,laboratory,field work etc

E. The college will provide skilled and knowledgable person to the institution as per their requirement.

4. The two institution will mutually decide the terms and conditions including financial support for the implementation of the above task.

5. This MOU will be in force for ten years. After compilation of ten years ,it may extend after mutual concern of both institution

Students of Chemistry Department, Arts, Commerce and Science College Alkuti, Tal-Parner Dist-Ahmednagar, visited Krushi Vigyan Kendra, Babhaleshwar, Tal-Rahata, Dist-Ahmednagar (Maharashtra) 16 December 2019 along with Mr. Sachin Balsane HOD Chemistry. Mr. Kharat guides the Student in agriculture, a soil analysis of a soil sample to determine nutrient content, composition, and other characteristics such as the acidity or PH level. The need of testing the soil before farming let the farmers understand what amount of nutrients are already present in soil and how much extra is needed. It helps in bringing increased uniformity of nutrient availability across the field for more uniform crop growth. The benefits of soil testing helps in selecting the right fertilizer and its quantity for optimum festination. It helps farmer in making smart data driven decisions.it helps in getting higher yield of crops.it helps in optimizing the fertilizer expenditure. The visit completed with the observation of certain presentations and data given. It was really a grateful visit.

Department of Chemistry

Our college arranged one day educational visit at Padmashri Dr. Vithalrao Vikhe Patil Sugar Factory Pravaranagar, Tal-Rahata, Dist-Ahmednagar (Maharashtra) on 24 February 2020, Saturday for third year student of T.Y. BSc Chemistry Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about sugar production and Maintenance work.

BRIEF ABOUT PLANT

- Padmashri Dr. Vithalrao Vikhe Patil Sugar Factory Pravaranagar, Tal-Rahata, Dist-Ahmednagar (Maharashtra) a 75 years-old sugar co- operative, plans to set up a 100 MW power plant.
- It produces sugar, fertilizer and power production for entire plant etc. Average of production of plant is approximately 2340 sugar bags day. Total 7000 tons of sugar canes are crush by this plant daily.
- The steam generate by boiler is use for running of plant and production sugar.
- It has also material handling equipment like crane and conveyors etc.
- It has also dedicated workshop for maintenance activities with different capacity machine installed.
- It has 4 boilers installed for power generation named packed type furnish boiler with externally fired and water tube boiler.

PROCESS OBSERVED BY STUDENT

By visiting this plant student observed the process of producing sugar and also a working of stem power plant furnishes, boiler, water treatment plant, cooling plant. We also show the workshop of plant ; where five different types of lathe machine, two sharp machine , welding machine, three drilling machine one of which drill axially and other radially , and gas cutting process was continue at that time.

TRANSPORT FACILITY: Privates Bus.

SUMMARY OF VISIT:

From these visit student and faculties understand how electricity can be generated through stem power plant as well as working principles of furnish type boilers. Student and faculties also observed cooling of processed water by cooling power. Production process of sugar and specification of machine like lathe, drilling, sharper, planning, slotting, welding machine.

To give a hand on experience related to the theme 'Environment', Class S.Y.B.Sc. Students were taken to a nearby plant nursery "Thorat Nursery and farm house" on 18.03.2020

Objective of Activity-

1. To reinforce the importance of Plants
2. To inculcate the love for the environment.
3. To relish the beauty of nature.

The students were briefed that the garden has a collection of a range of plants labeled with their botanical names. Student Observed and explored a variety of shrubs, cacti, creeper, herbs, Fruits, and colorful flowers and eagerly interacted with the gardener. They were curious to know about the surrounding and were excited to see the pots of varying shapes and size. Gardener showed manure and fertilizer and the required for plant growth. Student were responsible and refrained themselves from touching the plants and plucking leaves or flowers as instructed to them. This field trip sensitized the students towards caring for the environment and the importance of plant

The student of T.Y.B.Sc Chemistry Department Arts, commerce, and Science College on opportunity to visit the Malaganga Milk and Agro Product Pvt. Ltd, Nighoj Tal-Parner, Dist-Ahmednagar on 29th February 2020. The visit was very exciting and informative and the various aspects involved in production like inventory management, product design and preparation, control, packaging and distribution.

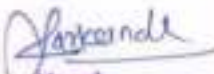

Malaganga Milk and Agro Product Pvt. Ltd, Nighoj Tal-Parner, Dist-Ahmednagar is a family run business into Dairy farms and Dairy product for the past 32 years and caters majorly to old city region & other parts of Mumbai. Malaganga Milk and Agro Product Pvt. Ltd, Nighoj Tal-Parner, Dist-Ahmednagar is in to production of Toned, Double tone and skimmed Milk, ice-creams, Flavoured milk, Ghee, Lassi, Paneer, Curd, and Butter etc.

The chief Engineer of Malaganga Milk and Agro Product Pvt. Ltd, Nighoj Tal-Parner, Dist-Ahmednagar accompanied by the students during the visit that guided the tour and gave an insight into the entire production process and the various processing facilities and technologies they are using.

The students were taken step by step through the various mechanisms in the factory and each process for all the different kinds of dairy products were explained in details. The packaging, quality control and testing are explained in great detail which shows how much they adhere to values of customers' well-being and trust.

The students were also briefed about their project and business plans. The student had great fun when they were shown through their various cold at-15 degrees. The students were given samples of their Ice – cream, flavored milk and other products.

It was a great learning experience for students in term of knowledge and also the practical consideration and problem for such industries.

Students of Chemistry Department, Arts, Commerce and Science College Alkuti, Tal-Parner Dist-Ahmednagar, visited Dabhade Masala & Food Products A/P- Pimparkhed Tal-Shirur, Dist-Pune (Maharashtra) 08.01.2020 along with Mr. Balsane S.V. HOD Chemistry.

Mr. Dabhade guide the student complete Guide to Start Spice Business. The majority of known spices are marketed in India's spices small scale industry. The internal demand for spices is steadily growing due to their widespread usage in culinary preparations and baked products. As people's lives have evolved, especially in terms of culinary options and income levels, the use of powdered spices has improved. Naturally, the market for ready-to-mix spices has expanded dramatically. Most other nations use Indian spices because of their higher quality and flavor. Based on the market and export figures mentioned above, any start-up seeking long-term sustainability and profitability will turn to the spice business model.

Spices businesses are in high demand, especially as the gourmet cuisine trend spreads. Spice business in India is a lucrative and scalable venture. When consumers purchase your goods, they commit their time and energy to using your highly valuable product/service. Your product or service will almost always become vital to your consumer. When it comes to earning possibilities, the sky is the limit with this business. When you start a spice business, you get to put your efforts into something you genuinely care about. To make the business profitable, you'll find yourself spending as much time and attention as possible on it. Despite increased availability and affordability throughout the world, the use of spices in everyday cooking is still limited to civilizations with a long history.

INDUSTRIAL VISIT AT SHREE KRANTI SUGAR & POWER LIMITED, DEVIBHOYARE, TAL- PARNER, DIST- AHMEDNAGAR

Our college arranged one day educational visit at Shree Kranti Sugar and Power Limited, Devibhoyre, Tal- Parner, Dist- Ahmednagar on 15th March, Wednesday for third year student of T.Y. BSc Chemistry Department. This visit was helpful to develop and enhance the practical knowledge of student as well as our faculty member and they get to know about sugar production and Maintenance work.

BRIEF ABOUT PLANT

- Shree Kranti Sugar And Power Limited, a 45 years-old sugar co- operative, plans to set up a 100 MW power plant.
- It produces sugar, fertilizer and power production for entire plant etc. Average of production of plant is approximately 1150 sugar bags day. Total 10254 tons of sugar canes are crush by this plant daily.
- The steam generate by boiler is use for running of plant and production sugar.
- It has also material handling equipment like crane and conveyors etc.
- It has also dedicated workshop for maintenance activities with different capacity machine installed.
- It has 4 boilers installed for power generation named packed type furnish boiler with externally fired and water tube boiler.

PROCESS OBSERVED BY STUDENT

By visiting this plant student observed the process of producing sugar and also a working of stem power plant furnishes, boiler, water treatment plant, cooling plant. We also show the workshop of plant ; where five different types of lathe machine, two sharp machine , welding machine, three drilling machine one of which drill axially and other radially , and gas cutting process was continue at that time.

TRANSPORT FACILITY: Private Bus.

SUMMARY OF VISIT:

From this visit students and faculties understand how electricity can be generated through stem power plant as well as working principles of furnish type boilers. Student and faculties also observed cooling of process water by cooling power. Production process of sugar and specification of machine like lathe, drilling, sharper, planning, slotting, welding machine.

MEMORANDUM OF UNDERSTANDING

THIS AGREEMENT, entered into this 11th day of October 2018, by and between PRAVARA RURAL EDUCATION SOCIETY, PRAVARANAGAR, MAHARASHTRA AND ITS INSTITUTIONS THEREIN (AS PER LIST MENTIONED IN ANNEXURE 1), and BIOERA LIFE SCIENCES PVT LTD, BIOERA PARK, SURVEY NO 125, MUMBAI-BANGLORE HIGHWAY, TATHAWADE, PUNE - 411033, MAHARASHTRA, INDIA

WITNESSETH THAT:

WHEREAS, PRAVARA RURAL EDUCATION SOCIETY and BIOERA LIFE SCIENCES PVT LTD desire to promote the enrichment of their teaching and learning. Research and discovery and engagement missions; and

WHEREAS, PRAVARA RURAL EDUCATION SOCIETY and BIOERA LIFE SCIENCES PVT LTD desire to strengthen and expand the mutual contacts between the two organizations; and

WHEREAS, PRAVARA RURAL EDUCATION SOCIETY and BIOERA LIFE SCIENCES PVT LTD desire to provide for a vibrant collaboration between the two organizations on the terms and conditions hereinafter set forth;

NOW THEREFORE, it is mutually agreed as follows:

- I. **Scope of Agreement** - The Agreement, shall include, but not be limited to, the following types of collaboration:
 - A. Seek mutual advice and support in planning and executing programs promoting excellence in respective areas of research and education.
 - B. Assist in Student, Teacher Training.
 - C. Placement assistance.
 - D. Collaborative Research and Discovery, Learning and Teaching, and Engagement.
 - E. Encourage the faculty members and scientist of either institute to attend lectures, seminars, workshops and conferences in the respective areas of interest.
 - F. Share the library and scientific literature facilities mutually by giving access to library and other resources of either institute to the scientist/students/research personnel of other institute.
 - G. Other mutually agreed educational programs.

Definitions - As used herein the terms "host organization" and "home organization" shall have the following meanings

Scanned by CamScanner

- A. Host organization – the organization accepting the faculty member/scientist or student.
- B. Home organization – the organization providing the faculty member/scientist or student.

Period of Agreement – This MOU shall remain in force for three years from the date of the last signature. Prior to the expiration date, this agreement may be reviewed for possible renewal for a further three-year period. Either party may terminate this MOU by providing 60 days advance written notice to the other party.

- III. In this case. Personnel already participating in the exchange shall serve out their terms under the conditions specified at the time of their appointment.
- IV. **Activities Under This Agreement** – It is expected that activities taking place under this agreement will be initiated primarily in coordination with their respective administrative units concerned with such activities. All activities undertaken must conform to the policies and procedures in place at each institution.
- V. **Planning and Management of Activities** – Each distinct collaboration program or activity will be described in separate Activity Agreement drawn up jointly by the collaborating units, and signed by the heads of these units. Such agreements will specify the names of those individuals on each institution responsible for the implementation of the program.
- VI. **Funding of Activities** - Activity Agreement's should make financial costs and obligations explicit. Collaborating units are encouraged to work together to identify and secure any outside funding which may be needed. Projects requiring funding must be approved by both institutions.
- VII. **Limitation and Warranties:**
 - Each party shall ensure that the other is not put to any liability for any act of the respective party under this MoU.
 - Each party represents that they have full power and authority to enter into this MOU in general.

Page 2 of 5

Scanned by CamScanner

VIII Commercials:

The training, field visit shall be conducted at the host facility in a time bound manner as per availability and schedule at host facility.

IX General:

- Both the parties may receive information proprietary to other party (the "Confidential Information") in the course of performance of their obligations under this MOU. Confidential information is not meant to include any information which (a) is publicly available (b) is rightfully received by the parties from third parties without accompanying secrecy obligations; (c) is already in either party's possession and was lawfully received from sources other than the parties or (d) is independently developed by the parties. The two bodies understand and acknowledge that the Confidential Information is valuable and confidential and agrees that it will at all times be kept in trust, to be disclosed only to such persons as have a "need to know" the same for the effective implementation of this MOU and that it will only be used by the parties for the benefit of others.
- Both the parties understand and agrees that all written or other tangible data and documentation developed or procured by the other party in performing its obligations under this MOU, whether in printed or electronic form, belongs to other party and that other party will have all rights, title and interest therein.
- Both parties shall not use the name and brand of the other party in any advertisement or make any public announcement without the prior written approval of the other.
- Any and all disputes or differences arising out of or in connection with this MoU or its performance shall, so far as it is possible, be settled by negotiations between the Parties amicably through consultation & understanding.

X. Indemnification :

Both the parties shall indemnify and hold each other harmless from and against any claim, loss, liability, or expense, including, but not limited to, damages, patent and trademark infringement, costs and attorneys' fees, arising out of or in connection with any acts or omissions of their agents or employees.

XI. Nondiscrimination –PRAVARA RURAL EDUCATION SOCIETY and BIOERA LIFE SCIENCES PVT LTD agree that no person shall on the grounds of race, color, national origin, gender, sexual orientation, or creed be excluded from participation under the terms of this Agreement.

XII Modification – The terms of this Agreement may be changed or modified only by written amendment signed by authorized agents of the parties hereto.

IN WITNESS THEREOF, PRAVARA RURAL EDUCATION SOCIETY and BIOERA LIFE SCIENCES PVT LTD have executed this Agreement as of the date first above written.
