4. Green campus initiatives

a. Restricted entry of automobiles

As the college is located in the rural area, there is low frequency of public transportation. Most of the students do not afford private auto vehicles due to their weak financial condition. Thus, students prefer bicycles to commute from home to college and vice versa. College has set up bicycle stands as a part of discipline and security. Along with this the institute has encouraged the students and staff to observe No Vehicle Day to reduce pollution level and conserve energy. Vehicles are parked near the entrance to reduce noise and air pollution.

Security gate

Security gate Watchman

b. Uses of Battery powered vehicles

Felicitation of students for maintenance of green campus by using Battery Powered Vehicles

Felicitation of staff members for maintenance of green campus by using Battery Powered Vehicles

c. limited use of Plastic

Ban on the use of Plastics:

The use of plastic in campus is minimized by creating awareness among staff and students through orientation by authorities and display boards in premises. Further harmful effects are also triggered through the N.S.S. cleanliness programs. Use of polythene bags less than 80 micron thickness is prohibited in the campus.

Ban on use of Plastic- Boards are displayed at Entrance to promote the limited use of Plastic

d. Landscaping

Landscaping with trees and plants:-

Green landscaping on the campus has taken place through several green initiative programmers by the Department of Botany. Green practices are conducted every year through NSS units of the college. Flora and Fauna of the campus are enriched with Trees, Shrubs, Herbs, Climbers and different types of bird's species. The college has a rich Botanical Garden with medicinal, ornamental and fruit plants collection.

Landscaping with trees and plants
