Q.1. With the story as your reference discuss the situation of young carefree boy of fourteen caught in the expectations of his elders and the personal circumstances of his life.

Ans:- Phatik's mother always overlooked facts. She believed whatever the smaller of the two children - Saru Makhan had an effective tactic of convincing her. Instead of in intermingling the other side of the truth from Phatik, she termed him liar. She never understood it was mostly Makhan who lied, it was he who lies and plots that always won over Phatik. Innocence and the fury that developed out of his helplessness and loneliness parents. She kept on saying that Phatik was a perpetual nuisance, lazy, disobedient and wild. She was proud to say that Makhan was as good as gold, as quiet.

as a lamb and very fond of reading etc. A boy in his fourteen is neither.

ornamental, nor useful
There is no point showering
affection on him as on a little boy.
He always get in the way. It
he talks with a childish lisp. he
is called a baby. and if he
answers in a grown-up way.
he is called impertinent. in fact.
any talk all from him is resentful.
Then he is at the unattractive,
growing age. He grows out of
his clothes with indecent haste,
his voice grows hoarse and breaks
and quavers: his face grows
suddenly angrier and unsightly
It is easy to excuse the
shortcomings of early childhood.
But it is harder to tolerate
even unavoidable lapses in a
boy of fourteen. The lad
himself becomes painfully
self-conscious when he
talks with elderly people.
He is either unduly
forward, or else so unduly
shy that he appears ashamed
of his very existence

Examination Grievance Redressal Mechanism

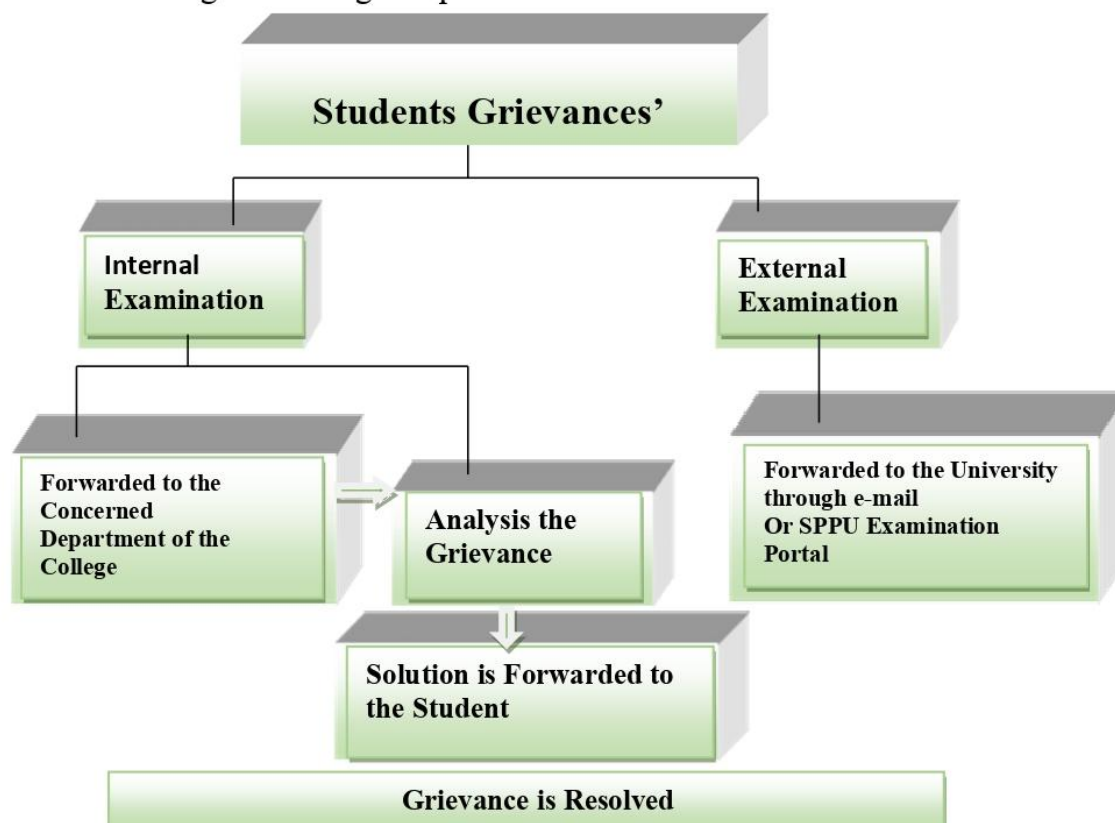

Mechanism to deal with examination related grievances is transparent, time-bound, and efficient. There is a complete transparency in the internal assessment as per the guidelines of Savitribai Phule Pune University. Pune.

At the beginning of the semester, respective departments provide guidelines to the students about semester pattern and evaluation criteria. Principal of the college also inform the students in the induction programme about rules and regulations of credit system.

Examination Mechanism

- A student cannot appear for semester end examination unless he/she has maintained 75% attendance during the teaching period of the Course
- The CBCS system or Choice Based Credit System follows semester- wise pattern that is even & odd semester that sums up to an academic year
- Instead of percentage-wise grading, the CBCS uses a grading and evaluation system to map the performance of Students.
- To pass a course the student must obtain minimum marks in internal and external semester examination separately.
- The internal assessment examination schedules are prepared as per the University Semester period and communicated to the students. • College Examination Committee members keep control over the internal semester examination.
- Evaluation is done by the course handling faculty members within seven days from the date of examination. The corrected answer scripts are verified randomly by respective Head of the Departments to ensure standard evaluation process.
- The marks obtained by the students are displayed on the Departmental notice board.
- The student's internal marks are entered on the Savitribai Phule Pune University's Internal Marks Online Entry System. Internal Examiner must use his/her own teacher profile, username, and password for performing duties on this portal. For Technical Queries regarding internal marks, mail is to be send to IntMarks Support.

- If a student misses an internal assessment examination, he/she will have a second chance with the permission of the concerned teacher. It will be the discretion of the teacher concerned to give or not to give second chance to a student to appear for internal assessment
- Methods of assessment for internal examination are seminars, viva- voca, projects. Field visits, tutorials, assignments, group discussions etc.
- For every course, the score for internal assessment and semester end examination will be added together and then converted into a grade and a grade point average.
- Results will be declared for each semester and the final grade sheet will give total grades and grade points
