Student Satisfaction Survey

(SSS) Academic Year 2023-24

Introduction-

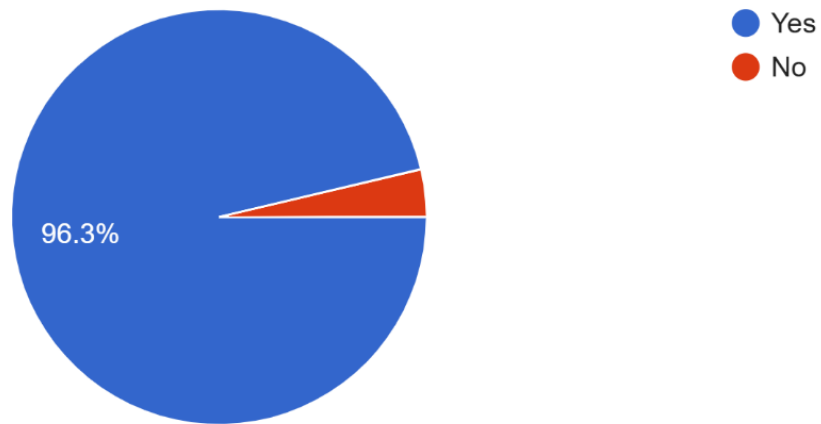

Based on the guidelines of the National Assessment and Accreditation Council (NAAC), the college has conducted a student satisfaction survey (SSS) for quality improvements. Students are the most important stakeholders in the higher education system. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. We have collected feedback from our undergraduate and postgraduate students on the teaching, learning, and evaluation process.

Survey Process-

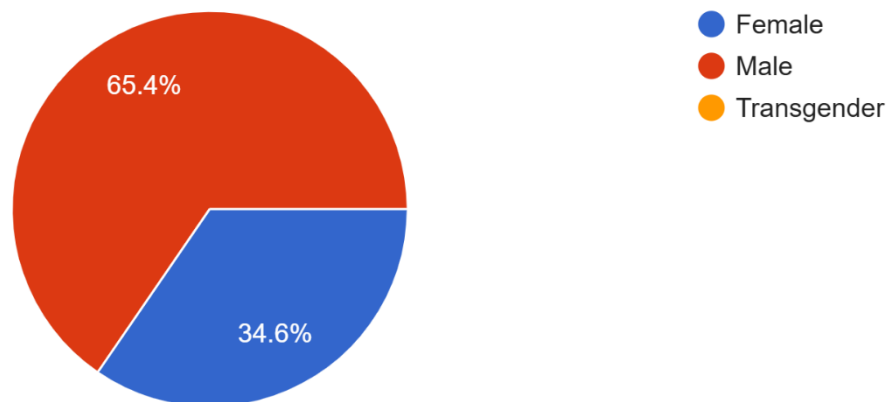

The questionnaire is based on the NAAC student satisfaction survey, twenty questions are objective type, while one question is open ended to bring out observation and suggestion for improvements thereby providing an opportunity to the students to give suggestion in their own words. The survey was conducted through a Google form sent to the students.
