COLLEGE AT A GLANCE

Late Padmashri Dr. Vithalrao Vikhe Patil was a close vision to the socio-economic transformation that had been taking place in rural Maharashtra, during Padmashri time he was Inspired by the philosophy of Mahatma Gandhi, social reformers like Mahatma Jyotiba Phule, and Karma veer Bhaurao Patil, he was convinced that proper, relevant and quality education was the only alternative to uplift the rural masses in all area of life. To realize this dream, Pravara Rural Education Society and various institutes under its umbrella were established. The Chief objective was to provide appropriate education to the rural area. Especially Girls who were deprived of education because of lack of transport and road to commute for centuries together were identified as special interest group. It aimed at providing education to all people irrespective of their social and economic status.

Under the visionary guidance of Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee) Ants, Science and Commerce College, Alkuti, was established in 4 Aug 2004 with a specific objective to empower the youth physically, socially, psychologically, economically and responsible individual through quality education. At present the college with its 13.02 acres of expansive campus premises dotted with buildings with beautiful lush green surroundings, large class rooms, well equipped laboratories, exclusive library and spacious playgrounds and congenial to academic growth and overall development of learner.

The institution is permanently affiliated to Savitribai Phule Pune University, with 2(f) status of University Grant Commission (UGC). It runs 09 undergraduate, 02 post-graduate.Skill development courses. More than 850 students are pursuing higher education.

VISION AND MISSION

VISION:

“Providing quality education in emerging fields to produce knowledgeable and cultured human resource, contributing to the process of national development.”

MISSION:

- Upliftment of rural masses through appropriate education.
- To empower the socially, economically and educationally marginalized sections of the rural society of the region.
- To produce a new generation of students for contributing to the future knowledge Society

AIMS AND OBJECTIVES

- To achieve academic excellence in higher education.
- To bring higher educational opportunities within the reach of girls and the under privileged section of society.
- To inculcate value based education to empower the youth for development of the nation.
- To develop the overall personality of students by providing ample exposure in co-curricular and extracurricular activities.
- To develop organic connections between educational institution and society for socio-economic and cultural transformation.

Process of Perspective Plan

The IQAC along with suggestions received from HoDs. College Management and other stakeholders prepared plan. The perspective plan of (2023-2024) of Arts, Science and Commerce College, Alkuti has been prepared by newly formed Internal Quality Assurance Cell (IQAC).

The following points has been considered during the preparation of the plan.

1. Vision and Mission Statement of the College
2. Suggestions from the stakeholders
3. Need of the local society
4. SWOC analysis of the institute

Institutional Perspective Plan

The institution's perspective plan is a long term strategic planning for the overall development of the institution. The activity successfully implemented based on the strategic plan is our Infrastructure development. As envisaged in the strategic plan, we could successfully obtain our own building in 13 acres of land with sufficient furniture. We would plan to procure a good open area for greenery and gardening for having healthy academic atmosphere to the students. We would plan to setup a big play ground with volley-ball, tennis, football, kabaddi courts. There is full of ventilation, thus saving electric power during the day time. There are separate rest rooms and common rooms for girls. There is a provision for construction of new rooms in case of increased admissions in the first floor. We could implement ICT teaching using technology efficiently with our digital classrooms fitted with projectors and a smart board. We would try to ensure effective facilities to the students in the both academic and physical fields.
